

THE IUS GROUP OF COMPANIES

29 September 2008

**TO WHOM IT MAY CONCERN**

**RE: Testimonial – PHYSIO4ALL**

The IUS Group of Companies have been working with PHYSIO4ALL for the past 2 years in a number of Occupational Health and Safety matters.

PHYSIO4ALL has provided ergonomics and manual handling training to a number of our staff and this has been greatly beneficial in educating our staff on the various OH&S issues related to ergonomics and manual handling. We believe that this course of action directly resulted in our becoming OH&S compliant, and furthermore has helped prevent unnecessary injuries to our staff via early identification and intervention processes.

Prior to the purchase of a new range of ergonomic chairs, PHYSIO4ALL was instrumental in providing us with the appropriate information and advice regarding ergonomic chairs. This helped us in making an informed decision on the best available ergonomic chairs to purchase for our staff.

We also utilise PHYSIO4ALL on an on-going consultancy basis, to assist us with any OH&S issues which may arise from time to time.

IUS has had an excellent experience thus far with PHYSIO4ALL and would not hesitate to recommend their services to any corporate clients interested in reviewing their OH&S exposures, policies and procedures.

Yours faithfully,

**Hugh G Ross**
